ABOUT ME

I am a skilled 20-year-old Front-End Developer and Software Engineer nearing completion of my Bachelor's degree program in Varna, Bulgaria. With my keyboard as my tool, I specialize in creating cutting-edge web applications, constantly refining my development skills during my leisure time. I derive immense satisfaction from broadening my knowledge and venturing into new territories. I approach challenges with enthusiasm and determination, ready to overcome any obstacle in my path.

WORK EXPERIENCE

Strategic Partnerships Expert
Ezmey LLC [04/06/2022 – 01/10/2022]

City: Varna
Country: Bulgaria
Website: https://ezmeyboutique.com/
Business or sector: Information and communication
Link: https://drive.google.com/drive/folders/18zJxuSQo0Hl92gEPMbZXBgoDMtKzCJHr?usp=share_link

Brand onboarding is a very detailed process where brands go through a selection process and multiple layers of onboarding along with constant coordination between the content team and the product management team. This process entails market research, data compilation, and entry, as well as thorough confirmation of brand ethics and social responsibility. After approval, the brand details are therefore uploaded onto Shopify, and brand products swiftly followed.

Software Engineer Trainee
Tulipr, Inc. [02/06/2023 – 01/09/2023]

City: Bucharest
Country: Romania
